Grand ocean Spray

B 3-NIGHT CRUISE
SATURDAY - TUESDAY

M/C GRAND OCEAN SPRAY
Itinerary B
3 Night Cruise
Saturday – Tuesday

DAY BY DAY ITINERARY DESCRIPTION

(**B:** breakfast/ **L:** lunch/ **D:** dinner)

Saturday

AM: Upon arrival, reception and assistance at the airport, transfer from San Cristobal Airport to the M/C Grand Ocean Spray.

PM: San Cristobal - Lobos Island/Kicker Rock

Lobos Island is aptly named after the many sea lions that reside here resting and playing along the rocky shores. It is also home to many different birds like pelicans, frigate birds and their nests, yellow warblers and more. Within the small channel the waters are very clear, making it easy to find sea turtles, sea lions, stingrays and perhaps even white-tipped sharks.

Activities: Short walking, snorkeling, dinghy ride

Difficulty: Easy/Moderate

Landing: Dry landing

Possible Wildlife: Sea lions, various shorebirds, sally lightfoot crabs, frigate birds, Galapagos sharks, schools of tropical fish, stingrays.

Kicker rock is one of the most extraordinary sites in the Galapagos Islands, made of two eroded volcanic cones that tower over the sea at about 104 meters in the middle of the open water. It is a nesting place of sea birds and a nice spot to take pictures while the vessels circumnavigate around the rock.

Activities: Circumnavigation

Type of landing: No landing

Difficulty: ------

(-, L, D)

Sunday

AM: San Cristobal - Pitt Point

When arriving at Pitt Point, it will feel as if you've landed on an extraterrestrial planet. You can see the many different developments over time of how volcanic activity formed this island. A walk to the top beholds amazing views of the surrounding waters. Watch out for blue-footed boobies nests on the ground and keep an eye out for the red-footed boobies nesting in the trees once you reach the top of the island.

Activities: Walking, snorkeling, kayaking, dinghy ride

Difficulty: Moderate to Difficult

Landing: Wet landing

Possible Wildlife: Sea lions, various shorebirds, sally lightfoot crabs, Nazca boobies, blue-footed boobies, red-footed boobies.

PM: San Cristobal - Witch Hill

Witch hill has awesome crevices and eroding rocks along the shoreline where you will first pass in dinghy. Afterwards be prepared to visit a powdery white sand beach with teal and turquoise waters.

Activities: Walking, snorkeling, kayaking, dinghy ride

Difficulty: Easy

Landing: Wet landing

Possible Wildlife: sea lions, various shore birds, finches, mockingbirds, tropical fish, and different crabs from the Sally lightfoot.

(B, L, D)

Monday

AM: Floreana - Post Office Bay

Ask the Cruise Manager for one of our complimentary postcards to write a message and address it home. Leave it in the barrel used before by pirates and sailors. While your there, see if there are any other postcards you can take home with you to send for fellow travelers who have already left their messages!

Activities: Walking, snorkeling

Difficulty: Easy

Landing: Wet landing

Possible Wildlife: frigatebirds, sea lions, sea turtles, various shorebirds and seabirds, marine life.

PM: Floreana - Cormorant Point / Devil's Crown

Cormorant is an interesting visitor site. Two beaches can be visited here, just beyond the first beach is a saltwater lagoon with flamingos. One of the beaches look green because of the olivine crystals, and the other is appropriately called Flour Beach because of the powdery white sand, made from fine, pulverized coral. Watch your feet if wading in the water, stingrays love to hang out here as well.

Devil's Crown boasts one of the finest snorkeling opportunities. Below the surface are amazing volcanic structures that have submerged over time. Hundreds of colorful fish species can be seen along the reef, along with sharks, rays, sea turtles, sea lions, and rays. It's a beautiful underwater spectacle that cannot be missed.

Activities: Walking, snorkeling, dinghy ride

Difficulty: Snorkeling - Moderate to difficult / Walking - easy

Landing: Wet landing

Possible Wildlife: frigatebirds, sea lions, sea turtles, Galapagos sharks, white-tipped sharks, tropical fish, various shorebirds and seabirds, varied marine life.

(B, L, D)

Tuesday

AM: Santa Cruz - Black Turtle Cove

Black Turtle Cove is located on the north side of Santa Cruz Island. This shallow inlet is surrounded by mangroves and provides a natural protection for a variety of marine life, attracting the vulnerable juveniles of many species. Below the surface of the water, you can see both black-tip and white-tip reef sharks, sea turtles, golden cow-nose rays, and spotted eagle rays. Pelicans and blue-footed boobies hunt here, diving gracefully into the water.

Activities: Dinghy ride

Difficulty: Easy

Landing: No Landing

Possible Wildlife: White-tipped sharks, rays, sea turtles, sea lions and various shorebirds.

Depart from Baltra airport.

After this last visit, transfer to Baltra airport for your return flight to mainland Ecuador.

Assistance and farewell at the airport.
